PRIORITIES

2018 Accomplishments Under FIFRA & PRIA

- Completed 99.7% of registration actions on-time
- Registered 23 new active ingredients and 147 new uses of existing pesticides
- Registration Review --As of end of FY18, OPP has completed:
 - ✓ 477 draft risk assessments
 - ✓ 385 proposed interim decisions
 - ✓ 326 final or interim decisions
- Worked collaboratively with state and Federal partners
 - Critical in making 2018 decision to extend the “over the top” registrations of dicamba
- Advanced alternatives to animal testing
 - In FY18 alone, OCSPP prevented use of 16,500 test animals and saved the regulated community >\$8.9 million in costs by waiving data requirements.

FY19 FIFRA Priorities

- Continue to meet PRIA statutory deadlines and progress the registration review program
 - Complete proposed interim decisions for glyphosate, atrazine, neonicotinoids, and pyrethroids
- Engage and collaborate with Federal partners on key science and policy issues including biotechnology
- Implement relevant sections of the 2018 Farm Bill
 - Endangered Species Act (ESA) interagency working group & biostimulants
