

Region 7 Report to SFIREG, December 9, 2019

State Lead Agency Representative: Tim Creger, Nebraska Dept. of Agriculture

Representatives from the EPA Region 7 and EPA Pesticide Branch met on November 19, 2019, to discuss issues to be addressed at the December full SFIREG meeting. All topics on the draft agenda were discussed, plus the additional topics listed below.

- Pesticide applicator reciprocity among states
- Spring regional pesticide programs meeting
- Endangered species bulletins as they relate to RUP dicamba applications

Discussion was primarily focused on updates of progress of certification plan revisions and experiences with dicamba during the growing season.

No states brought forward issues that were elevated to issue paper status.

Respectfully submitted,  
Tim Creger
