ADAMS TECHNOLOGY STATE PESTICIDE REGISTRATION SERVICE CENTER (ATSSC)

This chart is for quick reference only! It is meant to give an overview of the registration fees and the total cost of registering one **new** product in all states. We have intentionally used the New Product Fee that most registrants will likely pay. This chart is not perfect but gives a rough picture of the fees as of the date listed below. Please refer to the state forms for current and complete registration information. Most states post their regulations, fee schedules and forms on the internet.

ATSSC State Pesticide Registration Fee Chart - Updated: December 31, 2019

Fees are based on the maximum normally due for the first registration.
