

SFIREG Endangered Species Strategy Implementation (ESI) Committee Update

Kevin Kern, Pesticide Registration Specialist
Michigan Dept. of Agriculture & Rural Development

ESI Committee Chair

March 3, 2025

Why a New working committee?

- Significant changes to label requirements led to need for a formal process to work with EPA on SLA needs
- Existing POM and EQI workgroups began focusing much of their time on ESA-related issues
- AAPCO ESA Workgroup highlighted the need for a new committee
 - How is ESI different from the AAPCO ESA Workgroup?

Purpose of committee – a formal platform with EPA to resolve issues facing states implementing changes as a result of EPA's strategies to support ESA compliance

How was ESI formed?

- Formation and activities supported by a grant through EPA
- Established in June of 2024
- Nominations requested from SLAs in each EPA region
- 10 members selected from nominations submitted
- 7 of 10 EPA regions represented on the committee
- 3 year terms for committee members
